It's All About	Ideas	T

ASSIMILATION	A person is not really assimilated into a church unless they have friends there	G
	A person is not really assimilated into a church unless their <u>best</u> friends are there	E
	Fellowship encounters are how we develop friends	R
	If we are to assimilate new people into the church, fellowship must happen	
GIVING FRIDAY NIGHTS TO JESUS	Giving our Friday nights to Jesus is NOT about having another weekly service	
	It's about gathering with friends - old & new - and taking time to have fun together	
	It's about inviting a friend or two from church to your home to play games or visit	
	Or purposely getting together with an unsaved friend or relative to build a relationship	
	It is about dedicating Friday night to regularly fellowshiping with others	GIVE
	It is about purposely creating fellowship for those who don't get much otherwise	FRIDAY
		NIGHTS
"FRIDAY NIGHT"	Friday night is a suggestion - it doesn't have to specifically be Friday	TO
COULD MEAN	One night per week - dedicated to making friends and having fun together	JESUS
SATURDAY	One night per week is our suggestion - as often as we can	
OR SOME OTHER	Note: Most people who do not like church .. do like ice cream!	
NIGHT	So let's feed them ice cream, play cards with them, become their friends	
	In time, many of them will see Jesus in us - and want him too	
	Note: Too often people are converted - but do not develop the church friends they need	
	So let's go to the effort to befriend them and thus help them live for God	
	In time, they will have the security and strength to do the same for others
